TO REBUILD YONKERS TRACK.

JAMES BUTLER AND FRIENDS TO REMODEL ENTIRE PLANT.

Seend \$2,000,000, It Is Said, and Will Then Apply for Bacing Dates in August-Another Track on Staten Island Talked Of, With Politicians Interested.

in direculation among turfmen within the past week to the effect that James Butler and his fellow stockholders in the Empire City track, Yonkers, have purchased a large amount of territory adjacent to the track and that the entire plant will be rebuilt on a stupendous cale, with the idea of establishing a racecourse on the present site that will be the story that lacks confirmation has been scale, with the idea of establishing a race-course on the present site that will be the than \$2,000,000 will be spent in the new venture, which will include the building of a railroad spur from the New York and Harlem road at Mount Vernon, with prospective connection with the subway and elevated roads in the course of time. According to the store of time. equal of Belmont Park. It is said that more than \$2,000,000 will be spent in the new venture, course of time. According to the story, which was told to THE SUN man by persons who are positive they knew what they were talking about, the Empire City track man-agers, when the contemplated improvements. been made, will make a formal application to the State Racing Commission for the right to race at Yonkers thirty days through the month of August, or while the usual meeting is under way at Saratoga. The application of the state of the will be acted upon favorably, so friends of the Empire track assert, or there will be court proceedings which may tie up the ra-cing game so effetively that serious results may follow. Not long ago the State Racing mission, as at present constituted, apealed to the Westchester authorities, pointing out that the Empire track had planned to hold a number of running races in conjunction with a trotting meet at Yonkers which would be contrary to the spirit and letter of the law, insemuch as the track had not received a license from the commission. The result of this action was that the Yonkers, track backed down, with the announcement that there was no intention to violate the law.

Since that action the story that the track

will be enlarged has been spread, until yesterday it came from some well posted men who seemed to speak by the card. They said that James Butler and his friends believed that if they spent a fortune on a track built on the lines of Belmont Park they could see no reason why the Racing Commission should deny the application for a license. Further-more, the new commission has not yet been inted by the Governor, and in that connection it may be said that whoever takes up the duties that have been shouldered in the past by August Belmont, John Sanford and E. D. Morgan will be expected to act fayorably upon a Yonkers application.

Although the present commission's term expired on May 1, no new appointments having pired on May 1, no new appointments having been made as yet. The Sun has already alluded to the fact that the Governor had failed to follow the suggestions of B. B. Odell, Jr., as to the probable makeup of a new commission, which, it is understood, was a bitter disappointment to certain politicians who had laid plans to get a piece of an entirely new racetrack mapped out for Staten Island. This Staten Island scheme has been broached before, but it never was regarded seriously until within the last few months, when a number of politicians who stand well with Odell became interested and began to pull the wires for a license. As the story goes, the Staten Island venture would have been an assured fact but for the unwillingness of Gov. Higgins to appoint a commission that would be wholly antagonistic to the interests of the Jockey Club. As far as the Yonkers track is concerned, a demand for racing dates during the month of August would doubtless meet with the approval of thou-

haif furiongs. Belden, Delphie, For Luck, D'Arkle, Buttons and Collector Jessup look the best. Maiden two-year-olds will run in the fifth event, at five and a half furiongs, with Penguin, Larabie, Blyouac and Belmere having chances. The last event is the Labor Day Handicap, for three-year-olds and upward, one mile and a half on the grass, Letla emi Right Royal figuring to have chances with the top weights. Short Hose, Humo, Jacquin and Oliver Cromwell. The entries ifollow:

VANDERBILT CUP RULES.

Committee Frames Conditions for Elimination Trials and Auto Races. The elimination trials to pick the five cars and drivers who will represent America in the Vanderbilt cup race are to be the same stances the turns will be made to the left. The course as laid out is between 28 and 29 miles and on Sept. 23, the elimination trials day, and Oct. 14, the date of the big race, the ears will have to complete ten full circuits before finishing the race. The course is now being chain measured to determine its exact length. The entrants in the elimination trials must name the drivers of their cars by Sept. 10 and the names of the drivers of the foreign cars must be made known to the American Automobile Association racing board by Oct. 2.

Automobile Association racing board by Oct. 2.

The cars are to be sent away at intervals of one minute in both contests. The regular rules of the road issued by the American Automobile Association are to be enforced in regard to overtaking competitors. These rules are: "(1) Keep to the right when overtaking." Contestants must not speed over the course at any time and Chairman Morrell of the A. A. racing board has been empowered to punish any one who violates this rule. They will only be allowed on the course with their racing cars between the hours of 12 o'clock noon and 2 o'clock in the afternoon and then their cars must positively be fitted with mufflers. At all other times they must use touring cars if they wish to go over the course.

with numers. As a substantial with the variety of the course.

The drawing to decide the order of starting in the elimination trials will be held at the Automobile Club of America on Sept. 11. The first car in the elimination trials will be sent sway at 520 o'clock A. M., and the Vanderbilt race itself will be started at 6 o'clock A. M.

These matters were decided on Thursday afternoon at an important meeting of the American Automobile Association racing board, which has charge of the Vanderbilt cup race, held at the Waldorf-Astoria. Those present were R. L. Morrell, chairman; James L. Breeze, T. M. Hilliard, Col. E. H. R. Green, R. L. Lippitt, S. M. Butler, A. L. Riker, Walter C. White, E. T. Birdsall and A. G. Batchelder, secretary. It was laso announced that over \$60 men would be employed in guarding the course on the day of the race. The next tournament on Ormond Reach in Florida will be held during the week beginning Jan. 22, 1906, under the direction of "Senator" W. J. Morgan.

HANDICAPS FOR GOLF PROS.

LEIGHTON CALKINS EXPLAINS ABOUT THE M.G. A. PROPOSITION.

Tournaments This Week at Ekwanek, Stockbridge, Springfield and Great Island—Open Championship Addenda at the Country Club, Brookline.

The golf committee of the Country Club, Clyde Park, Brookline, Mass., has decided to hold a tournament on Saturday, Sept. 23, the day after the conclusion of the open golf championship of the U. S. G. A., which this year will be held Sept. 21 and 22, at the Myopia Hunt Club, Hamilton, Mass.

The conditions are that each professional

shall have an amateur for a partner and play shall have an amateur for a partner and play a four ball foursome in the morning, the best ball to count, and a foursome in the afternoon, each pair playing one ball. The winning score shall be the total medal play of the best ball in the morning, at 18 holes, added to the foursome medal play total inethe afternoon, also at 18 holes medal play. at 18 holes, medal play.

Charles B. Cory sends word that the fall tournament of the Great Island Golf Club. at Hyannis, Mass., will be held on Sept. 6, 7 and There will be a Scotch foursome on the s. There will be a Scotch foursome of the last day, for professionals and amateurs. The dates conflict somewhat with the annual tournament of the Stockbridge Golf Club that begins on Sept. 5, but as this appeals to the Berkshire Hills visitors rather than to those down Cape Cod way the juxtaposition of dates will not be such; a serious matter.

of dates will not be such a serious matter.

Next year, if the tournament is not again in conflict with an M. G. A. astraction, a large number of the New York set will be sure to enter for the open meeting of the Misquamicut Golf Club. Nothing but words of praise has been heard of the Watch Hill course, on which E. M. Byers was last week the chief of the players. The outward journey, 3,149 yards, is over rolling and hilly land, and the in holes, 2,451 yards, on a level meadow. The bogy is 41, 35—76, and, best news of all, there are no local rules.

Messrs. Filess and Vandewater were the cup winners in the tournament for the Rexmere players last week on the Stamford links in the Western Catskills. Filess made a very plucky play in the final with Vandewater for the choice of the cups. On the lake hole Vandewater drove the green, but Filess popped his ball into the shallow water. Nothing daunted, Filess took off his shoes and stockings, waded into the lake and played the floating ball to the green, winning the hole.

Two new notions were noticed at the Deal

winning the hole.

Two new notions were noticed at the Deal tournament. The box at the first tee in which the players drop a ball to indicate the order in which they shall drive off was covered with a wire netting. The balls could only be dropped in at the top and taken out at the bottom, making it an impossibility for a joker to drop in a ball out of turn and then cry out "Next!" as soon as the first two or three pairs are off. The second novelty was a gooseneck putter of beech brought over from London and seemingly a useful reproduction in wood of the familiar shape in iron putters.

over from London and seemingly a useful reproduction in wood of the familiar shape in iron putters.

A foursome competition for professionals only, or possibly with amateura also eligible, some think should be substituted for the medalplay handicap scheduled by the Metropolitan Golf Association committee for the local open championship meeting to be held on Sept. 14. 15 and 16 at Fox Hills. A four ball match for pairs made up of an amateur and professional is now slated for the morning of Sept. 18, and the eighteen hole handicap in the afternoon. The change would still the clamor among the professionals against the handicap.

The committee, to quote Leighton Calkins, has not in view any detailed rating of the professionals on the minute and careful lines that mark its similiar work among the amateurs. The handicap has been announced in a tentative way, in fact, as a feeler, and the committee is ready to meet the professionals more than half waylif the idea is not wholly objectionable to them. It has been Mr. Calkins's intention to put will Anderson at plus 3, the next six or eight best known pros at plus 2 and all the others at plus 1 with Walter J. Travis, the other amateurs to be rated accordingly. The professionals, however, object to any sort of a distinction being made between them, even of a single stroke.

"If the professionals do not like the idea." said Leighton Calkins, secretary of the Metropolitan Golf Association, yesterday, "the committee will probably amend the program. I am sure the last thing any one would want to do would be to offend the professionals. The professionals, I judge from the published criticisms on the proposed handicap, do not understand clearly what we planned to do. Personally I always welcome criticism, because it means additional light on any subject. I have my own ideas and hobbies, but I like to know what others think. It helps the game, and that, after all, is what we are all trying to do, professionals and amateurs.

"As to the handicap, I do not think the professionals

Isbor Day will have its usual good fun for the local club members, although many are still in the country and will bid farewell to-day to their summer links. The week has four open events on in which New Forkers will be more or less prominent. T. M. Sherman, Malcolm McBurney, J. D. Foot, John Moller, Jr., S. D. Bowers and Samuel Frothingham, with others of the metropolitan players who were at Lenox, will be at the annual tournament of the Stockbridge Golf Club, which begins to-morrow and closes on Friday. The final rounds of the Country Club of Springfield tournament will be played to-day Last and most important of the Ekwanok Country Club tournaments will be that for the Equinox and Orwis cups, to begin on Thursday and last out the week, with A L. White and Fred Herreshoff among the players, and on Wednesday, Thursday and Friday there will be a great gathering of notable players for the fall tournament of the Great Island Golf Club at Hyannis.

W. C. Chick, the Harvard amateur who

W. C. Chick, the Harvard amateur who put out W. J. Travis in the spring tournament at Lakewood, on Aug. 19 won the Engadine championship, one of the most interesting events of the Continental season, over the eighteen hole course at Samaden, near St. Moritz. Lady Margaret Hamilton Russell, who held the British women's championship in 1893, 1894 and 1895, and whose brother, Osmond Scott, was runner up in this year's championship at Prestwick, won the women's coup.

PITT SPIELD, Mass., Sept. 8.—James D Foote of Apawamis won the Foster cup yesterday in the closing event of the Lenox golf tournament. His ecore of 162 gross was the best score of the day and he took the prize for gross score as well as the cup. His card was 162, 7—155.

BRETTON WOODS, N. H., Sept. 3.—Archie Graham of Paterson is possessor of the Stickney cup, a magnificent silver loving cup, which has been up since 1899 for competition. This is his third victory and entitles him to possession of the cup for all time. In the final he won from C. E. Evans of Boston, with a score of 9 up and 8 to play and some of the most brilliant amateur golf ever seen in the mountains characterized the play. In the last eighteen holes Graham made the amateur record for the Bretton Woods golf

course of 72. The best record previous was Carret Hobart's 75, made in a qualification round. Mr. Graham's sister, Miss B. Graham, lost in the finals for the woman's cup yester-day, as she injured her ankle while on the last round, and her opponent, Miss Trow-bridge, won the Stickney woman's cup.

S. C. Brewster won the silver medal for the best net score in the handicap competition yesterday at Scarsdale. The first eight scores qualified for the Milne cup and the second eight for the consolation cup. The scores of those who qualified for the two cups were: scores of those who qualified for the two cups were:

Mime Cup—S. C. Brewster, 88, 12—76: W. R. Clesty, 88, 10—78; W. A. Pearson, 91, 13—78; J. Shass, 112, 83—79; A. Harrie, 85, 16—80; S. Mullangy, 101, 21—80; J. S. Irving, 97, 10—67; I. Nicoli, 88, 16—32, Consolation Cup—C. L. Smith, 102, 79—83; J. L. Caskey, 104, 21—83; J. R. Shoass, 101, 17—84; Dr. Carter, 103, 16—37; W. D. Witney, 106, 19—84; J. W. Rocali, 107, 18—59.

ROWING.

Harlem Carsmen Leave for Philadelphia -General Gossip of the Scullers.

For the last two days there has been a gen eral exodus of oarsmen from the Harlem River, with Philadelphia as the destination, where the Middle States regatta will take place to-day. The boats were shipped on Saturday and not a few of the oarsmen went along with their shells, and the remainder left yesterday. A rese which has aroused great local interest is the senior four, in which the Seawanhakas and Ravenswoods will meet. A little while ago the Seawanhakas will meet. A little while ago the Seawanhakas disband ed for the season, but on second thought decided to finish out the year with the Middle States, so their entry was sent to

Considerable speculation is indulged in as to what sort of a battle the Ravenswoods will put up against the national champions, but it is admitted that George Lee's boys will put up a rattling fight. They are in good shape, well coached and if defeated will offer no excuse. Some of the critics say that the Seawanhakas never yet met a first class crew, but those who stick to cold facts point out the overwhelm's service of the critics in the considerably on the critics and the considerably on the critics and the critics and the critics and the critics are the considerably on the critics and the critics are the critics and the critics are the critics and the critics are the critical critical critics. The cold is a critical cr but those who stick to cold facts point out the overwhelming defeat of Columbia Uni-versity on Memorial Day and their victories st the American Henley and their victories at the American Henley and the National championship at Baltimore. The St. Mary's A. C. of Halifax, N. S., will start in the race and may spring a surprise on the local cracks. The boys from up north were on the Harlem on Saturday for a little limbelia was after their long formary. bering up after their long journey.
In the quarter mile dash for seniors Fues-

sel, Vesely, Titus, Shepheard, McEntee and Hoben have entered from New York and some fast sculling should be the outcome. Fuessel proved the best of the lot on Memorial Taylor.

Day when there was a squabble about the Home distance, and when the race was ordered to be rowed over be refused to start. He is in

distance, and when the race was ordered to be rowed over he refused to start. He is in better condition now and is expected to show the way across the line to his opponents. But the Harlem Rowing Club man is liable to strike a mag in James B. Juvenal, the only candidate from the Quaker City. Juvenal is exceptionally strong is the arms and as he has been known to be fast for a short distance he may show a clean stern to the New Yorkers.

Shepheard, Fuessel, Vesely, Hoben and C. B. Wood of Philadelphia are the entries in the senior singles. The Seawanhaka sculler is a big favorite, but the hopes of the Harlem men are high over Fuessel and not a few of them predict that he will give Shepheard the race of his life. Titus is not mentioned among the entries.

Among the names in the junior singles from this locality are Warren Granby, Harlem R. C.: W. G. Massey, Atalanta B. C., and George Rogan, Sheepshead Bay R. C. The latter has had numerous trials in the junior class, but his prospects for graduating this time are not very bright, as there are a few sturdy handlers of the sculls entered from the Schurjkill as well as men from Baltimore and Washington.

Halsey Jackson and R. G. Peck of the Palisade Boat Club of Yonkers and David McEntee of the Waverly Boat Club are among the entries in the association singles, but, like Rogan, they will meet some stiff customers in their battle for fame. E. McGee of the Toronto Rowing Club will be one of the stumbling blocks on the road to glory. The Canadians are very sweet on McGee and are of the opinion that it is only a matter of a year or two when he will fill Scholes's shoes. G. J. Koch, Atalanta B. C., is a strong sculler, and his chances are good in the intermediate aingles.

A brace of hardy scullers will carry the colors of the Nassau B. C. in the junior double

his chances are south in an arry the singles.

A brace of hardy scullers will carry the colors of the Nassau B. C. in the junior double scull event, and the Lone Star B. C. and Sheepshead Bay R. C. have made entries as well. Oarsmen from the Unions, Nonpareils and Metropolitans will be seen in different events.

and Metrophicals
events.
The date for the annual regatta of the
Harlem R. C. has been changed to Sept. 16.
A feature of the affair will be a launch race.
All day yesterday Garrett Nagle and J. Gartin
were tuning up their boats for the race.

52 Raters Have Been Furnishing Sport

-Columbia to Be Seen Abroad. The 52 raters have been furnishing sport week all four of the boats met, but previous to that the Sonya was kept at her moorings. The Moyana, Maymon and Britomarte started in the Royal Western regatta. The course was thirty miles, and the Moyana won by half a minute. The Maymon was second, 2 minutes seconds ahead of the Britomarte. In the Royal Plymouth regatta the Moyana wor again, this time by 2 minutes 14 seconds. The Maymon was second, 4 minutes 7 seconds. head of the Britomarte. The town regatta prize, sailed off Plymouth, was won by the Moyana by 5 minutes 37 seconds, and the Maymon beat the Britomarte by 3 minutes 49 seconds. The Britomarte then withdrew from racing until Cowes, and in the Royal

South Western regatta the Maymon won the challenge cup from the Moyana by 2 minutes 37 seconds.

Cowes week opened brilliantly. The Royal London regatta was the first sailed. All four started, and the Sonya did well for a time. There was a nice sailing breeze, and the Her-reshoff boat gradually worked out, and at the irst mark had a lead of nearly a minute; but at the next mark she went the wrong side and gave up. The second leg of the course was a run, and the Maymon took the lead before the wind. She won the race by 2 minutes 12 seconds. Moyana was second, 4 minutes 8 seconds ahead of the Britomarte. In the big class on the first day the Merry Maid won, beating the Thérèse, Valdora, Navahoe, Hamburg, Susanne, Adele and Brynhilde.

The first race of the Royal Yacht Squadron was for the King's cup, and this was won by Lord Dunraven's ketch Cariad. The Cariad had an allowance of 56 minutes 24 seconds from the German Emperor's Meteor. The yawl Satanita finished first, 41 minutes 22 seconds ahead of the Cariad, but on corrected time the Cariad won by 55 seconds. The Sonya won in the 52 class. She took the lead in the second leg of the course when turning to windward and eventually won by 1 minute 18 seconds. The Moyana was second, 2 min-

to windward and eventually won by 1 minute 18 seconds. The Moyana was second, 2 minutes 19 seconds ahead of the Britomarte. The Maymon was fourth and the Gauntlet last.

The race for the Emperor's cup attracted fifteen starters and was won by the Thèrèse, with the Zinita second and Rosamond third. The Navahoe was the first to finish, but she did not save her time. The race for the 52 raters was won by the Moyana. She beat the Britomarte 2 minutes 3 seconds, the Maymon 2 minutes 46 seconds and the Sonya 5 minutes 36 seconds.

In the race for the Countess of Dudley's cup the Sonya, as usual, showed up well turning to windward, but she lost in reaching and before the wind and was beaten by the Maymon by 1 minute 6 seconds. The Sonya was second, 3 seconds shead of the Britomarte, and the Moyana was last.

In the regatts of the Roya? Victoria Yacht Club the Sonya was at the line too soon and had to go back. In spite of this she sailed a good race and finished second. She gradually overhauled the Britomarte and Moyana, and in the last leg, which was to windward, finade a close finish with the Maymon, being beaten only 1 minute 5 seconds.

According to the Yachtina World the Columbia, twice the successful defender of the America's Cup will be seen in European waters next year. She is to be purchased by a German yachtsman and raced as a yawi.

Commenting on the racing of the 52 raters during Cowes week the Yachtina World ayar. during Cowes week the Fachtine Word says:

Maymon carried off the honors and deserved them fully. Maymon is the suprise of this quartet, for she has all the speed she ever had and on any point of sailing is responsive to nice handling. One hardly knows what to say of Britomarte, except that she looks a faster boat than her older sister and is not. Sonya must, I fear, be written down a disappointment. What she seems to me to want is consistent handling and treatment. It is a truism in yachting as in other things that it pays to leave well alone.

The Maymon is a Fife boat, built last year. The Moyana is a Myine boat two years old, and the Britomarte is a Myine boat, built this year.

RECORDS OF LOCAL TEAMS.

WHAT PLAYERS HAVE DONE AT BAT AND IN FIELD.

Donlin Climbs Higher Among Good Hitters -Hahn Takes Leadership of Americans From Keeler-Dahlen's Long Distance Swatting-Brooklyn Figures. Bresnahan and Wiltse got back into the

.300 class in batting among the New York Nationals last week, but Sammy Strang was a backslider. McCann is within an ace of the .300 division. Donlon is putting on the wallops like fury just now, and hit safely eight times in sixteen chances last week. He climbed up six points, to .339. It is note-worthy that Wiltse, who has batted .302 for twenty-five games, has only one extra base hit, that a two bagger. Dahlen added another home run to his total, and still has the best aggregate of clouts for the whole circuit. Donlin is fast nearing his "century" in runs as he appreximates a double century

Hahn from New Orleans grabbed the leadership of the American away from Keeler, when he found his batting in the two latest games he played. He has an average of \$17. Keeler made a small advance, being now at .325. Conroy played his ninety-ninth game and made his one hundredth hit in it. There has been a slight decrease in team batting among the hill toppers. Fultz has been especially weak. Although his great speed on the bases makes him valuable when he gets in, he has been falling a victim too consistently lately to let his merit as a base runner show.

Big Sale of Seats for Britt-Nelson Fight. SAN FRANCISCO, Sept. 3.—The Britt-Nelson fight at Colma next Saturday will draw the largest crowd that ever attended a Queenslargest crowd that ever attended a Queensberry battle. The figures of the first day's sale of seats haven't been given out, but it is known that two-thirds of the seats have been sold. The capacity of the amphitheater is 370,000, of which \$12,000 will be in bleacher seats. Before yesterday morning's sale opened all of the \$5 reserved seats were taken, and a large proportion of the \$10 seats were gone. Outside of \$20 boxes there is now left no more than one-fifth of the amphitheater, all of which, it is expected, will be taken in a day or so. In fact there is every prospect of the receipts being the largest of any fight held in this country. The betting is 10 to 7, with Britts ostrong a favorite that the odds will probably go to 10 to 6 or even to 2 to 1 before the fight, Most of the wise money ist going on Britt because of his superiority as a boxer and the fact that he has improved greatly since his last battle with Nelson. Short enders will book Nelson heavily when the odds get better.

Rumferd Pole Players Win. PROVIDENCE, R. I., Sept. a.—The Rumford Freebooters and Myopia third team met in the polo association tournament at the Rumford Polo Club yesterday and the local aggregation took the visitors into camp by a score of 15% to 7%. L. E. Stoddard and Byron Watson were the stars for the local team, their play being characterized by accuracy in driving and fearless riding. Tweed for the visitors played a fast game but was not well supported.

Sheepshead Bay A. C. Games Postponed. The athletic games of the Sheepshead Bay A. C., scheduled for this morning, have been postponed until Sunday, Sept. 17, at 3 o'clock. 'clock. Entries for the events, 75 yard dash, 220 yard dash, one mile handloap and 600 yard novice, will be received until Thursday, Sept. 14, by E. C. Carter, 170 Nassau street, New York city.

VETERANS IN SPRINT RACE. Hinching Beats Dreiner in Osler Contest at Firemen's Games.

at Firemen's Games.

The Eccentric Association of Firemen of New York held its annual athletic games and picnic at Celtic Park, and despite the wretched weather a crowd of about 8,000 persons gathered to see the sports. The most novel features of the day were a hundred yard race entitled the Osler handicap and a seventy-five yard run for girls. Although there were hundreds on the ground who might qualify for a dash of chloroform, only two veterans were found with sufficient muscular energy to test each other's speed. They were Thomas Hinching and Ferdinand Diemer, and both admitted to having left 45 summers and winters behind them, but many around winked at the admission. However, they toed the mark with some show of vigor and when the gun snapped called on their ancient sinews for action. Hinching's underpinning seemed the more springy of the two, and he hopped over the wet cinders in advance of Diemer and breast ed the tape a winner by a couple of yards. The girls' contest was won by Julia Holland. not the least hampered by her skirts. least hampered by her skirts.

The track and infield were little better than

a quagmire and under the conditions very creditable performances were recorded. There were two contests in the tug of war. A team of four from the Eccentric Firemen opposed the Viking A. C. and the latter won by an inch. Following this a team of eight men from the Eccentric Firemen goat the

Baseball Notes.

The season is at hand when unfamiliar names appear in the scores. The annual trying out of new players has begun.

The New York Nationals will now have two postponed home games to play off in the West, one in Chrcinnati and one in St. Louis.

On Sept. 18 the employees of the Pole Grounds will have their annual duting at City Island. They will go in tailly hose from the bail grounds.

There was some swell play at third on both sides.—
Exchange. Somebody must have been esting dried apples before patronising the water keg.

In Beverly, N. J., on Aug. 26 a game was played between the Nicotown team and E. Burd Grabbe in 46 minutes, the quickest probably on record. It was eight and a half innings long, too.

Good catchers are perhaps harder to find than men for any other position, and it has been a long time since as promising a backstop as Gibson, whom Pittsburg corraled from Montreal, has been recruited by a major league team.

The Philadelphia Nationals look strong enough to finish as good as third at least. Both the cut-field and infield shape up pretty stanch, and Duffy has his men working hard all the time.

Recent averages show that the New York Nationals and Philadelphia Americans lead their respective leagues in team batting, the New Yorks with .274 and the Philadelphia Americans lead their respective leagues in team batting, the New Yorks with .274 and the Philadelphia with .284.

The cilp at which the Washingtons have been traveling this menth would have put them among the leaders had it been sustained all season. They won sixteen out of their first twenty-eight games in August, a percentage of 571.

Two relatives of two famous diamond stars are now members of the New York Americans. They are Delehanty, brother of the noted Ed, and Hahn, cousin of "Noodles" Hahn. And if Carkson returns to the fold next season that will make three. One of the minor league players who will return to fast company next season is Davy Jones, the Minneapolis outfielder who was with the Chicago Nationals last season. It is someth

have a number of hits on drives on which infedders have a number of hits on drives on which infedders now throw him out at first.

If the New Yorks and Athletics come together in the world's championship series the games will not only bring the two crack teams of the country together, but will in a measure be a test of the abilities of two of the abilities managers—McGraw and Maok—bassmall ever produced.

A testimonial will be given to Frank Selec, the veteran Chicago manager, who is ill in Colorado, on Sept. 28 in Chicago. The same will consist of the entire receipts of the game between the Cube and Bostons on that date. Secretary Charles McGinnity comes the nearest of any of McGraw's pitchers to being a veteran, and he is not on the shelf by any means. McGinnity, Mathewson, Taylor, Ames, Elliott and Wiltse are good for a great deal of future service, and this, together with the strength of the box corps, indicates a strongly forlined twirling department in the pursuit of additional ponnents.

Here is the remarkable record of a Westerner named George Hollis; Pitching for the Duquesnes of Richmond, Ind., on Saturday, he struck out insteem men and won his game, 9 to 4. On Sunday morning Hollis pitched for the Deltas against Hyde Park and struck out twelve men, winning the game, 12 to 2. On Sunday afternoon in the first game of a double header Hollis played centerfield for the Cincinnatus team and added materially in the winning of that game. Half an hour later he went into the box in the third inning for the Duquesnes, and in eight innings he struck out eighteen men and let his opponents down with a hit. In two days Hollis struck out forty-nine bassmen.

Not until Oct. 1 will the Reds encounter the New houses.

a hit. In two days Hollis struck out forty-line bassmen.

Not until Oct. 1 will the Reds encounter the New Yorks again. For that scheduled privilege of evasion there is fervid thankfulness. But a shudder creeps down the back of every Red at the thought that when the New Yorks do drill into Cincinnati there will be the old dread possibility of losing two games in one day. In the last fifteen encounters with McGraw's men the Reds have made one tie. The ner record is fourteen straight lost. Mad the Reds been able to win half of those fourteen what a difference hopeful Pittsburg would now feel. It has seemed as if every pitcher of the Reds lot except Bob Ewing has been selsed with vertigo when asked to face the Champs, and even Beb fell under the strain in the near victory of last Thursday and had to be dragged out in the last fining to save even a tie.—Cincinnati Commercial Tribus
